MESSAGE FROM THE PERMANENT SECRETARY FOR EDUCATION

Ms. Selina Kuruleca

Ni Sa Bula Vinaka, Namaste and Warm greetings to you all members of the DAV College Community

I am honored to have the opportunity to address you in the pages of this year's school magazine.

DAV College's journey, starting in 1952, is a story of growth and determination. From facing challenges to celebrating successes, we've come a long way together. It's incredible to see our school evolve, marked by milestones like our Golden Jubilee and the creation of a multipurpose stadium.

To our students, you dedication to learning, sports, and community service is truly commendable. As we look back on our achievements, let's also look forward. Embrace the diversity around you, take on opportunities, and don't forget to enjoy the simple habit of reading for at least 30 minutes every day. Let reading be a lifelong friend.

Permanent Secretary for Education

To our amazing teachers, you're the guiding lights for

our students. Your hard work shapes the success stories of DAV College. A big thank you for your

dedication! Encourage our students to develop a love for reading, it's a gift that lasts a lifetime.

Parents, your support at home is crucial. Your involvement contributes greatly to our students' success. Make reading a family affair spend some time reading together. It's a wonderful way to learn and bond.

DAV College community, as we flip through the pages of our annual magazine, let's celebrate our collective journey. Our successes and shared experiences make us who we are. Let's also remember the importance of mental wellbeing. Create a space where everyone feels heard and cared for.

As we wrap up the year, I wish you all a Merry Christmas and a Happy New Year. May the holiday season bring joy, and the new year be filled with exciting opportunities. Enjoy the holidays responsibly, and let's look forward to another year of growth and achievement.

With warm regards and abundance blessings

Ms Selina Kuruleca

Permanent Secretary for Education
